School Update: 10/06/2022

Dear Parents and Carers,

I hope that many of you will have enjoyed at least some of the longer half term including the 2 bank holidays last week! In Monday's assembly we looked at the many Jubilee celebrations that went on both nationally and locally last week.

Also on Monday, we had our first whole school photo – children and staff – in about 6 years. It was quite some feat to get everyone in but we did! We look forward to seeing the result.

Roof Project

We put in a bid to get our Lower School roof repaired around 4 years ago and the county approved it but put us on a waiting list of schools waiting for building works to be done. I am pleased to say that they are now due to commence and could start as early as this Monday coming - 13th June.

The work will mainly take place from above and should be as non-intrusive as possible in terms of the running of the school. The workers will be fenced off from the rest of the school. It is a county led project and any interior works (mainly lighting) will take place over the summer holiday. They aim to complete the work by the first fortnight of September.

Basketball Team

I mentioned briefly in my newsletter before the holidays that our basketball team won the district tournament. Next week they will be in the county finals. We wish them all the best and I'll include more information in next week's update!

Have a good weekend,

Mr Farrugia
